We are proud to be an Equal Employment Opportunity and Affirmative Action employer, including females, minorities, protected Veterans, and those with disability.

CAPABILITY STATEMENT

Established in 1989, Excel CNC Machining Inc. is one of the most modern machine shops in the San Francisco Bay Area. We are ISO certified (ISO 9001:2015) and specialize in manufacturing complex parts. We run both small and high volume production, offering to our customers competitive prices and very short lead times without compromising quality. We can afford to offer very good terms due to our large inventory of machines.

SERVICES

Our company occupies a 20,000 sf facility located in the heart of Silicon Valley. Our highly qualified crew is supported by state of the art equipment in order to achieve complex parts and maintain tight tolerances.

QUALITY

Excel CNC Machining Inc. upholds strict quality standards. to ensure we are ahead of the latest technological trends. Our Quality Assurance Program has been designed in accordance with Mil-I-45208A requirements. Excel's strength comes from our experienced, talented, and dedicated staff.

EQUIPMENT

We have a large inventory of machines consisting of twenty seven CNC milling and lathe machines. Excel is well equipped with all the necessary tools to ensure our customers are satisfied and fulfilled.
